

"Keep Faith"
Luke 12:32-40
August 8, 2010
By Rebecca Enney

Elizabeth left her giraffe doll at the playground by accident and when she went back to retrieve it, it was gone.

Mr. Mawakasunga was dismayed when he looked at the value of his retirement funds. He was losing lots of money.

Barabas was digging around in his sandbox out back and found his favorite metal truck buried there. It has gotten so rusty that Uncle Floyd said he had to throw it away.

Sam's old cat was hit by a car and died. He and his father buried it in the back yard.

Mrs. Potato Head looked at her old quilt and saw that the threads were breaking and there were holes where little moths had eaten away at the fabric.

It seems that everything we value can be broken or stolen or lost or it can die.

Everything that is, except for GOD! GOD, who has shown his love to us in Jesus Christ, will never get rusty! Moths will never eat God and no thief will ever steal God from us! And GOD will never die!

That is the good news. And . . . be ready for what God has in store for you next!

Aunt Gertrude had already planned to take Elizabeth (place Aunt G.) to a doll museum this afternoon!

Barabas found a plastic jeep in his sandbox (place jeep) that he had forgotten about! It was a really old toy that his father Frank and Uncle Floyd used to play with!

Sam and his father (place Mr. Konde) are going to the Animal Shelter to find a cat that needs a home.

Mr. Mawakasunga knows that even if lots of his money is gone, he will still have his family (place Mrs. M) and that is more important than any big retirement fund.

Mrs. Potato Head got a phone call from Uncle Floyd. "Hello? Hello Mrs. Potato Head! Well, I reckon you should get out the mayonnaise and the salt and pepper and the bread!" And she knew what was coming! (place Uncle Floyd) Uncle Floyd came staggering in under the weight of the largest tomato from his garden (place tomato!) to cut up and have tomato sandwiches, their favorite!

Remember to keep FAITH and be ready . . . for God WILL send you what you need!

THE END
