Work on re-writing memorial to be presented to Synod Assembly on behalf of P.C.	

Days off: 9
Sick: 0
Office closed:
 Holidays - Good Friday
Vacation: 0

Saturday 4th April Reynold Eiche and I loaded up his pickup with discarded/non-working electronics gear (mainly computers donated to the lab that either no longer work or are not suitable for the programs we run) and brought them to Carlisle for the Cumberland County Electronics recycling event. We were able to arrive earlier this year, so we did not wait in line as long as we did last year.

Saturday 25th April, I lead two workshops at Gettysburg Seminary on doing Children's Messages. This was an event sponsored by Augsburg Fortress where our characters came from), the on-going story line, and how we strive to make the message understandable for the children yet relevant for adults. There were about twenty students in attendance for the presentation. Christopher Couch came with me, as he had two workshops to lead as well.

Nancy Martin & I have worked on various computer related difficulties this month, including a bit of an ongoing issue with the router. We hope that we have things corrected at this point. I also updated the Fellowship Hall computer, and purchased adapters and a patch cord to allow playing of audio from a computer into the F.H. speaker system

My Sup 'n Study course, "The Confirmation You Never Had," was well attended. We were able to utilize the new Lutheran Study Bible published by Augsburg Fortress. I plan on three more sessions: Sacraments (Fall 2009); Worship (Lent 2010); and Adiaphra (Fall 2010).

Working with Pastor Edmiston, Pastor Hardy, Pastor Easton, Vicar Cheri, Judy Collins and I put together a preaching schedule to handle the duties at Trinity South Harrisburg.

God's peace,

Pastor John Brock
