

Education Ministry Committee
Report To Congregation Council
June 2009

Our committee met on June 02,2009 to act on and review the following agenda:

Koinonia Ministry- We will plan a second Rally to include active Koinonia Groups and to invite those who want to join or form new groups. The primary purpose will be to provide information on the format a group should strive to follow, introduce our new Koinonia study material library and to give support where needed. This rally is planned for Wednesday September 16.

Summer Bible School- This exciting program is developed and registration has begun.

Summer Sunday School- Our attempt to inaugurate this program for Pre-School and Elementary Children has hit a snag. Only 10 children and two mentors have come forward to participate. It is not our desire to give up on this much needed opportunity for our children. We will attempt to reach more members. We plan to begin this program on June 21.

Senior High Congregation Questionnaire- The Senior High Sunday School Class developed a questionnaire to circulate among students in the 10, 11, and 12 grades to evaluate what is needed to encourage an expanded Sunday School class. Our committee reviewed the questionnaire and gave our support to distribute it.

Fall Sup 'n Study- This annual event is organized to begin a 5-week schedule on September 23. Three courses will be offered.

Regular Sunday School Schedule will conclude for the summer on the Second Sunday after Memorial Day in the future.

Synod Resource Center- Our Lower Susquehanna Synod office has an extensive library of study materials for small groups and other events. We encourage teachers and others to visit this center
