

To: Congregation Council And The Education Ministry Committee Members

From: Jack Bush, Chair

The Education Committee met March 23, 2010. The following was discussed and acted upon:

Sunday School Fire Drill approved earlier will take place in September in both the adult and children classes.

All parents of the children will be notified. Robert Foster will assist in the planning and will alert the Camp Hill fire Dept.

Summer Sunday School for children for ages Kindergarten through 5th grades will be inaugurated. The committee has plans to generate interest, as well as, recruit teachers and helpers through personal contacts, temple talk, Trinity Today and Trinity Parish.

Brainstorm Breakfast will be offered on Sunday, May 2nd at 9:15. Any member of Trinity will be invited. Our purpose is to invite open discussion concerning our current Education programs and to share ideas and needs for expanded offerings that can reach more Education opportunities. This general invitation will be broadcast through a Temple Talk, and Trinity's Today and Parish News.

Due to our low attendance in various grades in our Sunday School program, grades 5, 6, and 7 will be combined into one class. There are curriculum courses designed for Junior High classes available. The objective is to provide a more effective format to attract students and parent support.

Summer Bible School will take place July 26-30. The Theme curriculum is " The High Seas", which offers a sound and practical Biblical based experience for the children.

Koinonia Groups are in the process of being contacted to address needs and current participants.

Camping Ministry Scholarship assistance will be increased from \$50.00 To \$100.00 to help Trinity's Families .

Sup'n Study concluded on March 24th The dinners and courses offered were well received. This event is well supported by our congregation
