

Educational Ministry Committee  
Report to Congregation Council  
May 10, 2010

The Education Ministry Committee did not meet, however, we had an open Brainstorm Breakfast meeting on May 02, 2010 for anyone who wished to attend. Our purpose was to gain information as to ideas, thoughts and needs that might expand our learning ministry.

Thirty Two members attended and shared many topics, ideas, issues and concerns. Some were directed to other areas, such as Worship, etc.

Our committee will discuss and evaluate these at our meeting later in May. We considered this Brainstorm Session a positive venture.

Education Committee,  
Jack Bush, Chair
