<i>Others</i>		
<p>There are many other crosses throughout the building, such as those on banners or banner stands, those that are parts of the frames around message boards and those that are parts of art works such as the stained glass windows above the chapel doors. You are free to select any of those, or any other crosses that we may have missed. We ask only that you indicate in the spaces below or on the following pages what crosses you intend to photograph so that we know what to expect.</p>
