Old Business:

Mitzi reports still being contacted by CACCC and Pastor Horner promises to call them since we dissolved our relationship with this ministry.

New Business:

Highlight Schedule: Lengthy discussion was held with those in attendance about how to improve on the spotlight of Trinity's outreach ministries. Bulletin board is not popular to place and not felt to evoke much attention. The September Ministries Fair was brought up to be overwhelming. Thoughts raised were one ministry featured at month --table presence in Gathering space second Sunday; put a generalized bulletin board with small entries of each ministry and perhaps contact info and what volunteer opportunities are available. The thought also of having ministries chose the months for their articles (especially those that might reflect a certain time of year) like Domestic Violence Awareness month is October, winter shelter in Nov/December times frame, etc.

Mitzi is **still** trying to recruit someone to run **God's Work, Our Hands** projects for September.

Giving Tree July and December also discussed. Need to coordinate with Stephanie Maurer about assistance with this in absence of Donna Sprowls temporarily.

Mitzi requests Please consider giving to the **Capital Appeal Campaign** --complete a pledge card.
