On-going Business

2018 Fall Stewardship Campaign
time frame to be September 15-16 and end October 14th

Pastor Horner has arranged for Rev. Mark Allen Powell to be our guest preacher the week of October 13-14th. The Stewardship team and the Synod are holding a Stewardship Work shop on Saturday morning the 13th of October that Rev. Powell will conduct.

Jamie McFadden suggested that part of this work shop be conducted using TED Talk Outline (speed dating style). This will keep everyone moving and gives the best chance for people to hear the most about multiple topics.

Seth Maurer suggested that we have a lunch provided so that people will sit together and talk about everything they heard.

Someone mentioned having a chicken BBQ, Seth will call Kauffman's chicken to get pricing and availability.

Plans need to be made for volunteers to run child portion plus decisions on if we will be using the kitchen for light breakfast snacks.

Do to time restraints we will plan on using only one Thanksgiving Moments this year, possibly tape the lead givers from Appeal. Thanksgiving moment to be played the week before Stewardship Workshop.
