**Installation**

The details for my installation on Sunday, October 21 at 4pm have been coming together in the last few weeks. I am excited that my family will attend this event. I'm looking forward to this joyous occasion as my "official" welcome as an associate pastor at Trinity.

**ABX – First Call Education**

On Monday, September 17 I attended the first meeting of first call education. All first call pastors in the synod gathered for worship, fellowship, and learning. We focused the learning portion of the day on addiction, discussing how churches are called to respond to this situation. It was also a wonderful day to meet colleagues and build another network of support. Our next meeting will be Monday, October 15.

**Hospitality and Greeting Ministry**

In collaboration with Jane Killian, I have been working on updating this ministry. There will be a meeting of and training for new and existing greeters on Sunday, November 4. At this meeting, we will discuss this important ministry and how we can continue to welcome visitors to Trinity in new and familiar ways.

**Volunteerism**

I have been brainstorming ideas of how to get the word out about volunteer and discipleship opportunities with Pastor Horner. We've talked about a "volunteer hub" to highlight and feature opportunities. We've also talked about a space to post and "call out" our fellow members for gifts and talents to uplift each other and recognize the various gifts people bring to Trinity. This space would also be used to encourage one another to get connected and involved. Volunteerism has also been a part of the conversation with new member classes. How can we get new members connected quickly?
