Trail of Palm Leaves

1. You promised your mom you would clean your room and you did—eventually. Walk forward two spaces as slowly as possible.
2. Your neighbor promised you could go to the park with him and his son. Walk forward three spaces.
3. Your teacher promised a pizza party for your class on Friday. Hop forward one space.
4. Your babysitter promised your little sister she could have a Popsicle after dinner and she gave you one too. Go forward four spaces using tiny steps.
5. This year, for your birthday, your dad promised to get you a video game system you've been wanting. Move forward the number of spaces of your age.
6. Your soccer coach promised ice cream after the game if everyone tries their hardest. Roll again and move that number of spaces.

What to Do:

Make one copy for each small group.
