

Report to Council 6.11.19

Trinity Lutheran Church Worship Team

Minutes from Worship Team meeting of May 22, 2019

Ushers

Bob is hoping to add a security team for emergencies, such as when the lights go out during a service, and for general operating when large numbers of people are in the building for worship services or concerts.

Pastor Horner will check with our insurance carrier for the possibility of creating policies around when to send everyone home or complete the service when the electricity cuts out. Safety and liability are the issues.

Greeter Scheduling

Pastor Liz and Jane will meet on June 5 to discuss this and to begin bringing the usher and greeter job descriptions more into line with each other.

Altar Care

Barbara will take care of communion assistants in the traditional services taking their wares directly to the sacristy after communion.

Attendance at Worship Services

Pastor Horner notes numbers that are up a bit, down a bit, and level. He is looking for a jump up and how to accomplish this.

Sermon Themes

Pastor Horner is planning on more sermon series and increased collaboration with Faith Formation in determining themes and series. Series continue to be successful and popular. Making them relevant to some Sunday morning classes and other Faith Formation activities is a faithful way to encourage our lives in Christ.

Next meeting: Wednesday, August 21, 3:30 pm
