All Things Christmas

Most of December was about Christmas: getting ready for Christmas Eve, celebrating Christmas and participating in Christmas events at Trinity. On December 6, I attended the Christmas Around the World event hosted by the Faith Formation team. On December 15, I enjoyed another Christmas at Trinity concert. On Christmas Eve, I had the privilege of serving during the services and preaching on Christmas Day.

New Members class prep

In January we will host another Begin class for new members. In December, I prepared for this class by communicating potential new members and enlisting volunteers to share information with these folks. On January 5, I hosted and lead the Discover Trinity class, which filled the library. We had an impressive group of people interested in learning more about Trinity.

On a personal note

I signed a new lease last week and will be moving to a bigger home in February. My little apartment has served me well, but it was time for an upgrade.
