

Give/Serve/ Lead 2020 Annual Report

December 2020 Activities

In December we completed the roll out of two videos

1. Where does your money go?
2. What is Stewardship - 5 Steps to a life of gratitude and generosity

Summary of January – December Activities

2020 was certainly quite a challenging year. In March, the committee's focus was to adapt to how to continue being faithful stewards during a pandemic. A great deal of effort was put to encourage e-giving as we moved to virtual worship services. This has resulted in an increased number of members signing up for e-giving and has helped sustain Trinity through 2020.

We were pleased to roll out the videos highlighting what stewardship is and how our monetary gifts are used to continue the Mission and Ministry of Trinity.

The discussions in November are centered around a more personal outreach as we head into 2021 to continue in our stewardship.

Respectfully submitted,

Mike Schwalm
