### **Give Serve Lead Team – November 16 and December 9**

Throughout the fall, this team has been working to put together a list of folks for leadership roles, especially council members. We have met several times to discuss potential nominees.

### **Podcast**

Make sure to check out the pastors' conversations about secularism and Christianity and our Christmas memories.

The task force discussed any possible changes. We have decided to reconvene in the new year.

### **Creative Worship – December 1**

The staff discussed the worship offerings for the next month. It will be a busy December!

### **Christmas Eve Greeters**

In addition to worship service planning, I have worked with Jane Killian to recruit greeters for Christmas Eve. We are excited to be worshipping in person this year and we went to make sure we are welcoming folks the best we can!

### **Synod Candidacy Committee – November 10 and December 9**

I met with our synod's candidacy committee in November and December for an approval interview, the last interview in the process and an endorsement, the second interview.

### **Young Family Check-ins**

Throughout this month, I have continued meeting with or chatting on the phone with several of Trinity's young families. I was curious to see how they are doing, especially because many had no yet returned back to in-person worship.

### **Next New Member Class 2022**

I am working on the next new member class at Trinity for early 2022. One of my goals for 2022 is to revamp the new member program at Trinity.
