- I was able to add a couple of days to my regular Easter Time off, and join my spouse as she went to Nashville, TN, for a work related conference. We were welcomed to stay with some Trinity members who have a residence there. Never having been to Nashville before, I appreciated getting to see the little bit of the area that I was able to experience. And it was nice to relax for several days, after Holy Week and Easter!

God's peace,

Pastor John Brock
