

Administration & Personnel Committee

2022 Summary

The Administration & Personnel Committee met several times throughout 2022, via Zoom and in-person meetings. The committee worked with Trinity staff to determine the best course for moving forward into 2023 and beyond, including the updating of the policy manual. This is a project that is ongoing.

Key moments included the recognition of ordination anniversaries for Rev. Guy Edmiston and Rev. John Brock; updates to internal policies in order to bring them in line with current synod practice and updating specific staff-related policies to reflect current position titles and job duties.

The year brought significant changes in staffing with the resignation of Paul Hensel and the hiring of David Holste. In addition, several changes were made in the area of reception and building staffing; a faith formation assistant was also hired in the latter part of the year.

The committee is looking forward to 2023 in order to continue the work that was begun.
