

The following are May Report

- We launched our 125th-anniversary event. Different teams are working to execute events we plan for this year, including celebrating milestones.
- We started first our next big event with May Fair. It was a successful event with almost the same number of participants as last year. We had a lot of community members show up. Thanks, faith formation members, for making this possible.
- We also celebrated Graduation Milestone. We had 18 graduates.
- We finished our school year and are getting ready for VBS and other summer programs.
