125th Anniversary Concert

The concert to celebrate our anniversary was wonderful. Thank you to Tim and all those who made it such a great bookend to our year of celebration and remembrance.

Director of Communication

A&P has been working on job descriptions to give us options when looking for new communication staff. Please pray for the Spirit to guide us.

The Time is Now

We have begun introducing our new year long theme of "The Time is Now." We are trying to encourage greater engagement in ministry and faith development for all our members.

Thank you

I'm so proud of our congregation and thankful to God for the ministry we share in this place. It was so good to be able to share our history and see the continuity of mission and sharing the gospel over the 125 years. This is a special place and special people.

Strategic Planning

Along the lines of last section, Trinity continues to be strong presence in our community because we have been intentional about planning and executing ministry at a high level in our context. Please make sure you read about our new strategic plan and ask question so we can strengthen our ministry for the next few years and continue this great legacy.

Your servant in Christ,

Pastor Jack Horner
