Introductions

Started with questions: How do new members get the e-blast?

Read through the P&C team responsibilities from the Policy Manual and thought it needed revision. Discussion continued.

What is working about P&C:

1. E-blast
2. Worship slides and oral announcement slides
3. Trinity Stories
4. Signage (directional in building/banners outside)
5. Bulletins

Discussion about each topic.

What is not working about P&C:

1. Website
2. Reaching the older population that's in an effective way
3. Bulletins

Membership Directory: tabling this idea until the summer and/or 2025.

A discussion about QR codes for the check in (and possibly bulletins) as you walk into worship and where the QR codes should be located.

A discussion on how to engage the youth and how to effectively communicate with them and their parents.

Action items of highest priority:

1. We can use more people on the P&C team
2. More pictures (scenes from Sunday, website, and events)

3. Editing (writing with the same tone and message across all platforms)
4. Review guidelines (June)
5. Website remodel (thoughts and ideas can be discussed in July)
6. Trinity Stories (theme, what we want in it. Typically work began over the summer)
7. Survey for the congregation (purpose- preferred methods of receiving church news. Questions and how will we as the P&C team will use the information)

A discussion about Alex taking pictures during all worship services beginning after Easter. We will introduce him to the congregation before he begins.

Next meeting: May 15 at 6:30 pm in Room 237.
