Vespers

During Lent, we met weekly to worship God on Wednesday evenings. It was a beautiful experience to both lead conversation and participate in these services.

Faith Formation

In March, I led Bible study about the cross as example. This class is always full of great conversation. I also led conversations with our confirmation students on their visits to houses of worship and with our 5th and 6th graders about Holy Week.

Cumberland Conference Spring Assembly – March 17

The pastors attended the spring conference meeting this month in preparation for our synod assembly in June. Many thanks to First Lutheran in Carlisle for hosting us!

Hospitality - March 19

This team met again in March to prepare for the CH community event, Spring Fling that will be held this Saturday, April 6.

Renewal of Ordination Vows

During Holy Week, the pastors and deacons of our synod renewed their ordination vows and gathered for a meal. It was good for my soul to gather with these folks and friends.

Holy Week and Easter Sunday

It was another powerful and impactful Holy Week. I really enjoyed participating in the three-hour service and embodying the persona of Peter. Easter Sunday was a whirlwind, but I relished the music and particularly loved my time with the kids during the children's message.

Personal

Last month, I had planned to be on vacation to spend time with Elijah for his first birthday, however I ended up zooming into the meeting. This month I apologize for my (true) absence. Kyle, Elijah, and I are spending some time together after a busy Lent and beginning of the year.
