

**Report to Congregation Council
Strategic Planning Committee
February 12, 2018**

We now have the full and summary 2017 and end of year report on the web with copies available in the office. Once again thanks to all for your work on this document. It puts together our future in ministries in a number of areas and in relation to our capital development initiative.

We have a draft of our plan for the new cycle (2018-2020) and expect to have it completed within the next two weeks. Please advise as to any comments or input you may wish at this time. The Committee plans to meet the week of February 18 to finalize the draft. It will then be distributed to the whole congregation as a roadmap to our future.

Yours in Christ,

Bob Frymoyer, Chair
Strategic Planning Committee
